

Eiki

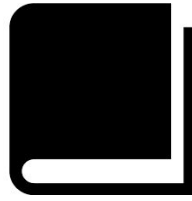

Bridging the education gap for resettled refugees.

3.7M refugee children not in school

4 years spent out of school

1/100 attend university

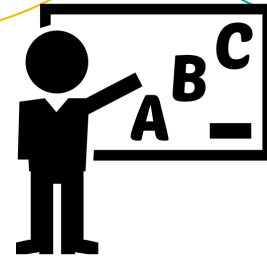

Problem Statement

Gaps in education

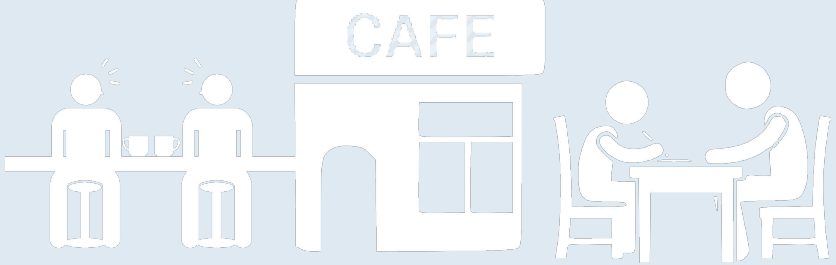

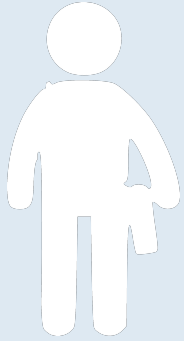

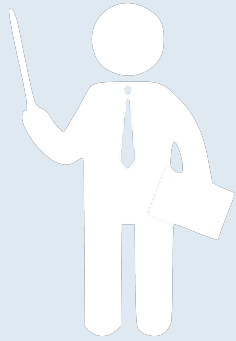

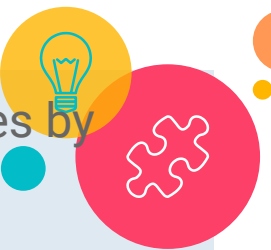

Cultural
Disconnect

Inadequate access to
local resources

Eiki accelerates learning and integration for resettled youth refugees by facilitating in-person or online meetings with local tutors.

Students:

- Find a tutor by subject, location and language.
- Schedule free tutoring sessions.
- Allocate points to tutors

Instructors:

- Create a profile including subjects, language,
- Accept and also suggest tutoring sessions at their own convenience
- Redeem points with partner companies, for appraisal purpose.

Sustainability

Main users

- Refugee children
- Parents
- Guardians

Mentors

- University students
- Retired teachers
- Teacher training programs

Venue partners

- Cafés, libraries
- Schools, non-profits

Gift partners

- E-commerce stores
- Fun parks

Volunteer sources

University students

- Often required to volunteer a certain number of hours per semester.

Teacher training programs

- Gives student-teachers extra practice working with students.

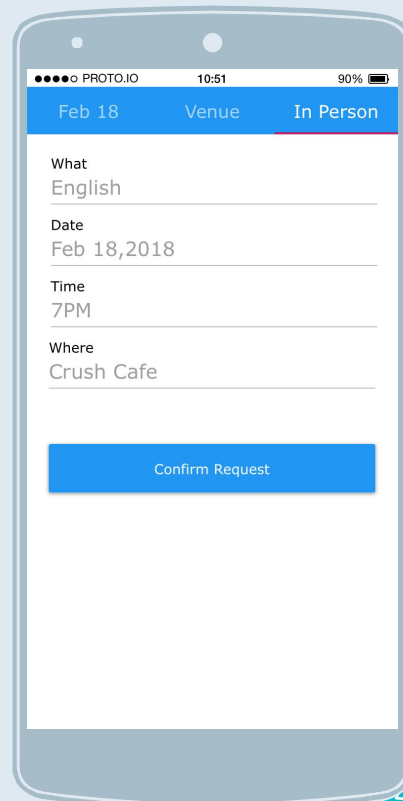

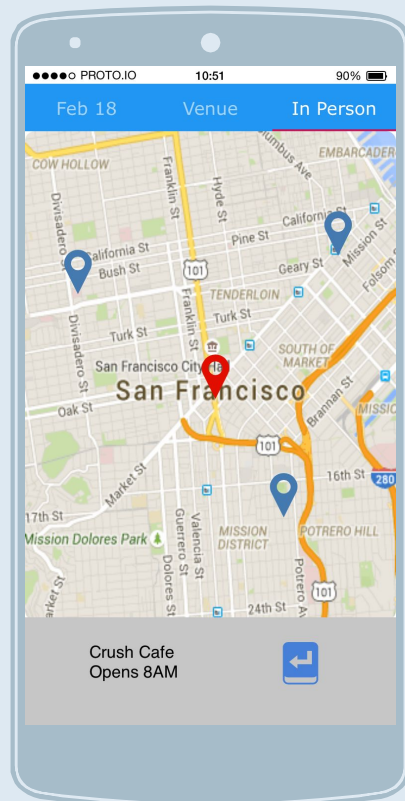

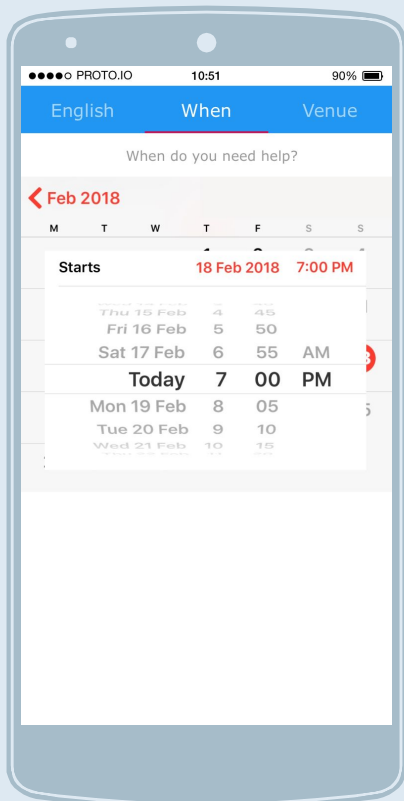

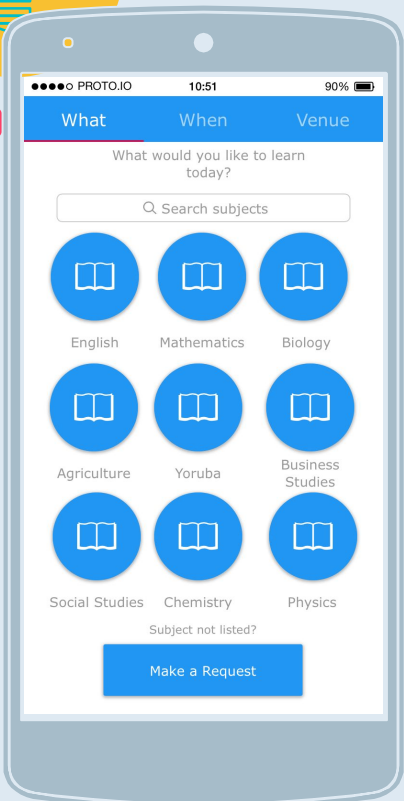

Retired teachers

- Opportunity to give back to and stay involved with community.

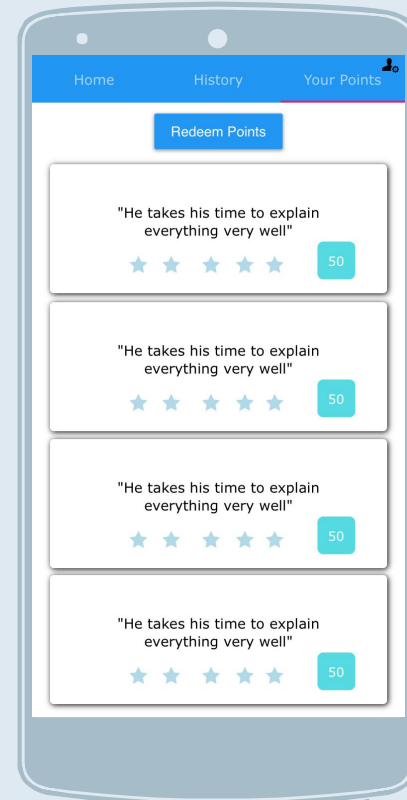

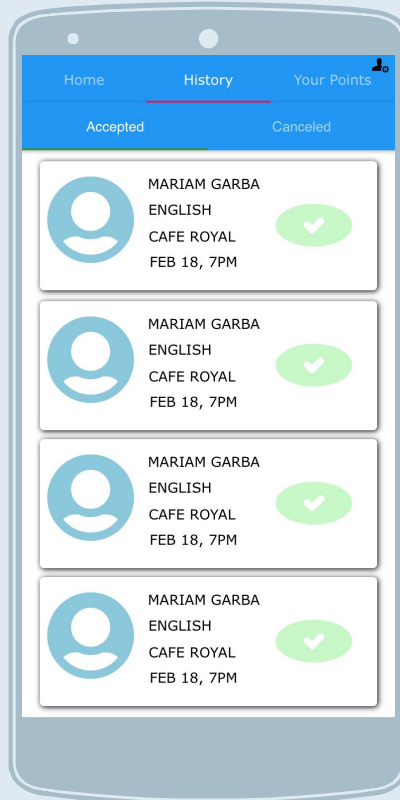

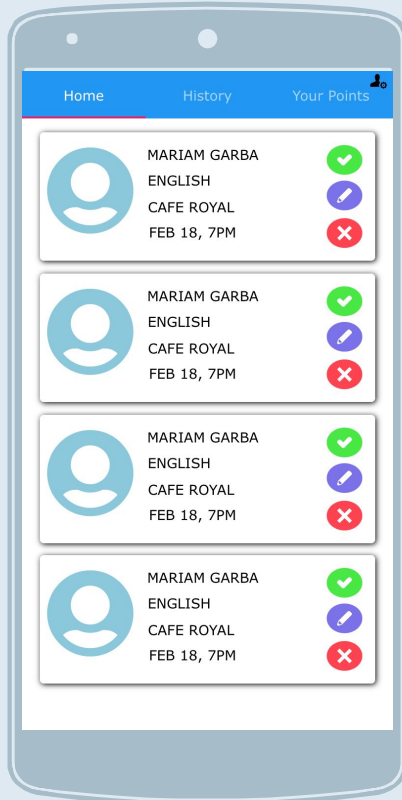

Other community members with teaching or language experience

- Many people want to volunteer working with refugees but don't have an easy way to get involved.
