

shiri

Where digital agriculture takes flight.

Shiri

Our Team

Designed by New Haircut

Tatenda Ndambakuwa

Founder & CEO

Sumaiya Shrabony

Technology Lead

- Sumaiya worked on prototype development and did the demonstration video.
- Tatenda, with her knowledge of Zimbabwe (where the app will launch), worked on providing information on shiri, creating the overview document and slides.

What we care about

1. Hunger
2. Children
3. Youth
4. Women
5. Farmers
6. Populations
7. Zimbabwe

First Problem

Lack of market access, information & Post harvest spoilage.

Second Problem

Low agricultural productivity & food deserts.

Conclusion

Not sufficient, if any, **Agricultural resources** (equipment, finance, information) for planting and harvest seasons.

First Solution

Season and weather planning information when planting and harvesting.

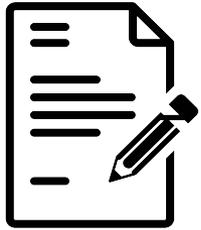

Second Solution

Communication between farmers and stakeholders.
Sharing of Information & Equipment

Third Solution

Markets and Food Processing
